I want you out of my face, I don't want to see you! You.
What are you thinking? Did you somehow want me to die. By doing so, wouldn't you feel better

I came to say- Goodbye .....
I'm leaving today to go some-where far.
So farewell...

I asked Kunimi-kun to stand by you....
.....

But to be honest I said that
because I'm a lonely person just like you.

.....I did want to be your friend.
But it's now useless.
Goodbye .....
Goodbye
Since Sara still alive and remains around me.
Kokoro will just suffer.

Don't cry.
I just don't want you to cry anymore.
.....
Sara?

Huh?
Shin, it it true that person
Sara I brought a magazine and CD's
Shin!
'Todoy I'm leoving to go forowoy-
So farewell...'
What wrong Sara.
Ha. That's not possible. I'd think it would be difficult even if we could.
Don't you sometimes think we can read each other.
No Nevermind. Hey.
'pats pats'

However is there a CD you'd like to listen to. Maybe.
Or do you not want to.
By saying that.
Whatever.
It's a struggle that the both of us face.
Shin
.....
Shin
Umm. That person who was here do you like her?
Huh?
Say what Sara.
I'm curious!

I- I didn't know anything about that girl.
It maybe that now I realise I didn't know nothing about her.
Shin, Where is the person you like?
.....
Not sure.
But.
Sara,I'm sure If you had touched her you'd would of like it.

Shin, me and that person...
Shin....
Kokoro...
Can she love a guy who just reappeared again.
Goodbye
And I have you too.

.....
Yes,Yes. I even bought the HimeKami CD you wanted.

What the- Why are you here?
If you say so.
I'm not stupid. I don't need them.
"swish" スイ

Did you really try to commit suicide?
So what was unpleasant for you to do that?
Is it because Kunimi Shin was taken by Minai-senpai?
Wha, You're wrong.
.....
Shin must of know how lonesome, it is not to be able to touch other people no matter how afraid you are.
I'm sure you don't understand.

So, I wonder can you read people's minds?
.....
Do you guys have psychic powers?
What do you think you are doing? You-Aren't you afraid of me?
.....Me afraid? ...
Well then,that time we touched before were you able to read me?
So what If I can?!
Do you want to start a new beginning. Only way I think I can help you over come your fear,is to I touch you.
However Minai-senpai and Kunimi Shin probably were scared to touch at first.
But I was also afraid to be touched by you.

I'm scared, and you're scared too. But now we are even.
Here.

Shin, I know.

Why are we lonely?
It's not because we have this power.
It's because we choose to run away from other people.
But that person was different.
She was not scared to run away even when being touched.
I
I also... I want to be like that person.

I don't want to run away anymore.
Sara...?
because of me.
Don't give up that person
I don't want to run away.

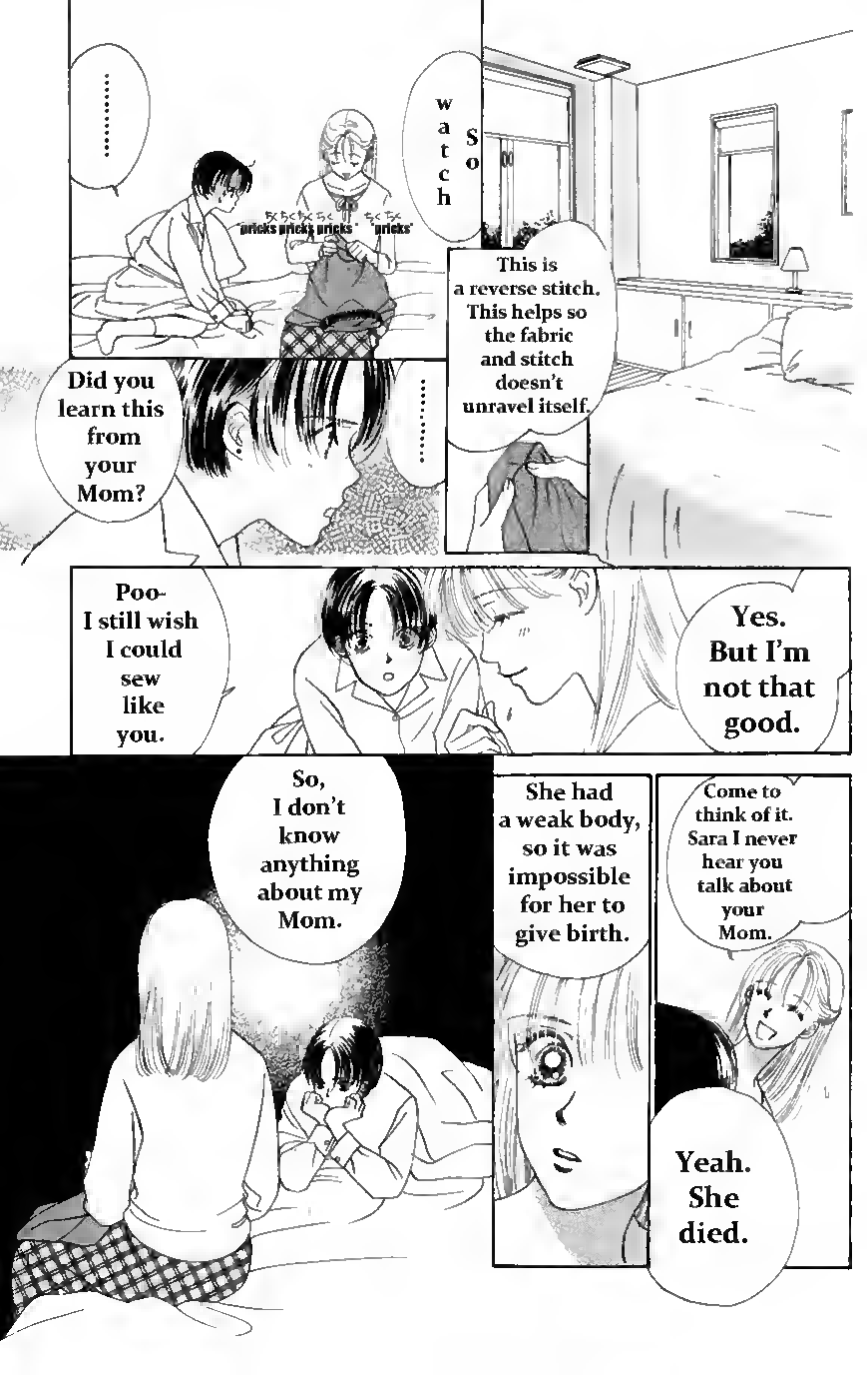
'Let's live together.'
One month ago,
I got a letter from my Dad.
He's not angry anymore.
He told me to graduate from a decent University.
I also began attending Midoriyama University.
I decide to live with Kunimi-kun.

Sorry .....
Huh? What?
With that your going to make dinner.
Let's live together.
Always.
Let's always live together.
Kokoro

S...
Sara use honorifics.
Ah.
Here's the new uniform, I just got it today.Does it look good.
Leave me alone Shin. I don't want to!
Only thing wrong is the skirt too long!? Kokoro can you hem it for me.
DO IT YOUR DAMN SELF!!
I DON'T KNOW HOW TO!!
No one ever taught me how to sew.
I'll- Teach you how.
Shin- Call us when dinner's done.
'thud thud'
'thud thud'
'thud thud'



.....
So watch
"sricks sricks sricks" "sricks"
This is a reverse stitch. This helps so the fabric and stitch doesn't unravel itself.
Did you learn this from your Mom?
.....
Poo- I still wish I could sew like you.
Yes. But I'm not that good.
So, I don't know anything about my Mom.
She had a weak body, so it was impossible for her to give birth.
Come to think of it. Sara I never hear you talk about your Mom.
Yeah. She died.

I think it's because he holds a grudge against me
because I killed my Mom.
Dad hasn't told me anything about her.
That's a bad thing to say.
Uhh
Kokoro have you always been using this room?

Why are you not sleeping with Shin?
WHY!?
I am ....
Such a thing, I hope you aren't using this room when you go to bed?
Ah, sorry. I guess before moving in here you were using this room.
Because Kunimi-kun told me to use the other room instead of his...
Shin.... Did he think of how you felt about this?
Well ...
You don't know. Aren't you two living together?
Why I ...
Shin's bed is a double size.
Be ...

But,are you... happy?
I don't want something little like that spoil it.
But it's nice. That we live together.
.....
'Are you happy?'
Good-night.
So tomorrow eat dinner first.
Ah-okay.
Tomorrow, I was called to go to the Lab because I told it's been slow there.
Kokoro

Happy……?
Shuuu.
Please tell me about that the first time you teleported.
Okay, first question.

My body felt hot and it also felt like my body was evaporating.
Also I hear a voice calling for me and I went to that location...
Then the next moment I appeared in front of Kokoro.
Then?
About a week it took for my body to recover.
I'm sure, my life has shorten some from this.
With your experience teleporting did anything change before you did this?
SNAP
I was able to read someone without touching them, their thoughts flowout.
'You will be able to jump through obstacles'
..... This power is still growing.
I'm sure my power are growing stronger to protect myself.

What are the 'obstacles'?
Why did you say that?
'clicks'
Even now, Kokoro isn't able to read my thoughts.
Uncle you said 'You will be able to jump through any obstacles.'
Do you know the phrase *'Have a green fingers'*?*
*said in english
It's the obstacles in your heart and you denying your ESP powers. If you just accepted your ability you will be able to use it more freely.
So healing people is like growing plants,we have a special skill that's what I mean.
I know it means to have a green fingers.
The healing power is getting stronger,why are you still afraid of it?
As we Investigated it is possible that you have an Aura that's green.

...
Uncle
This
This discussion ...
Uncle it's ....
Why are you hesitating?
It's not amusing even when you are a child In that situation it becomes .....

There is potential abihty in children esp powers out there as well ***
I was so ....
*** I have a feeling this not right
I'm still not a normal person.
It's mortifying ....
And Kokoro Isn't a normal girl either.
Even now I think .....
My Wife had high hopes of giving birth
But,
When Sara was born. I-Shin also felt troubled.

Since it was murder.
I should've stopped her.
Slams open
Kunimi-sensei!
It's the best.
It's good that way.
Forever alone.
Having children is something I don't recommend.
If your girlfriend wanted a kid,Shin would you be happy?

Wait Uncle!
Clank
I still want to know how my power is green?
Shin, we will finish this up another time.
Alright
Excuse me. Please come it's Yu
Is there a safe way for this esp gene can stop being genetic?
*
T/N:Not to sure if that sentence is correct. This whole page gave me issues..
Shin you must remember
if you attack someone it will turn red.
It varies from green to red.

Red arua
is strong and dangerous power.
カチン 'clicks'
... I'm home
Kokoro ?

If you attack someone it will turn red.
Shin you must remember this.

Murderer
I don't want it.
I don't feel like eating.
Ah…
……
walks away
Welcome back Kunimi-kun
Ah? I made dinner.
I don't want it.

Today, I urge people to submit their admission card to this class to me.
'chatter'
Students please bring them up to me now if you've decided to attend this class.
'chatter'
Lies! That's not true?!
'chatter'
'chatter'
Anyone have questions.
Well! I dare you to ask.
'chatter'
Sensei, are you really researching ESP?
Kunimi-sensei question
Our tuition fees are they being used to fund this research?
What is it an occult?
'chatter'

Eh? No ...
Have any of you heard of a British scholar named Gilbert.
Chatter
Please ease your minds, it's sponsored by others.
Does the sponsors question what they are funding?
"chatter"
In the 17th century, this scholar embark on the mystery of electricity.
Back then electricity was like black magic because people knew so little about it.
The study of ESP now And Gilbert's mystery of his time are alike.
We have gained a sponsorship in the field of electron optics.
Brain studies of psychic show significant movement that can evolved the world of computers that others display as a dead end.
Oh dear.
All you dull people didn't know about this tale.

That story a little while ago was fiction. This place is really just a hobby.
No it wasn't, it was an interesting story to listen to.
The best education is usually boring.
No. I was also going to take Sensei's lectures .....
I'm sorry. I call you out.
Is everything well with you and Shin.
Anyways.
Ah, Kunimi-kun told you that?
I heard that you like children.
Yes

There is a person I want you to meet.
... do you want children ?
Someday, I want to.
I- That's right, I do .....
.....
clicks opens
Please wait inside this room.

Tears.
'clicks open'
カチャ

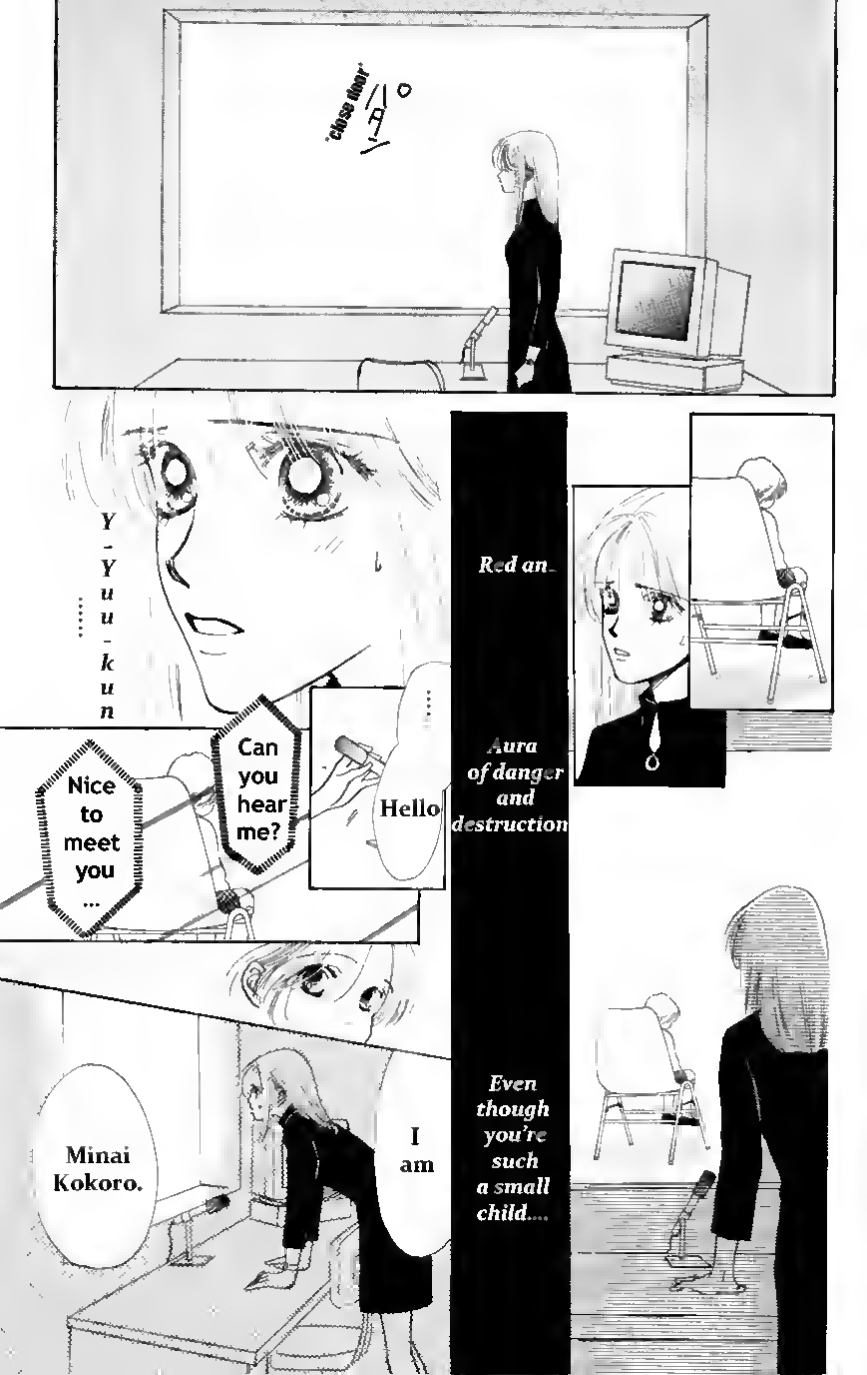
This child is Shibata Yuu.
Do you see?
He is 5 years old.
This a 5 cm thick two way mirror.
From here you can see but we can't see you.
Yuu

Quickly, I'm going back to the room.
sits down.
Sensei .....
Perhaps Is that child .....

It's from a standpoint of Aura Philosophy. The three Aura of the ESPers are.
Red?
Yuu's ESP powers are Red.
First is green Which Shin has,its the energy of stability such as healing.
Yellow, which is like Sara represents an unstable power.
Red emits a strong energy.
It's an Aura of danger and destruction.

This was a right decision.
Yuu's pet, 20 Kindergarten students and 5 people were killed. His parents noticed an abnormality and entrusted him to this institute.
Yuu is tamed only for me.
You and Shin in time,might like this child.
If you try to understand that child you won't be afraid of him.
And you say you want children.
However, affection is not taught.

Minai-san
Why don't you be a playmate for that child.
Y-……
Do you want to talk to him..?
Sure.
But just in case please use the microphone.
Yuu is in a light hypnotic state,he won't be able to use his dangerous esp power.
I will be in the lab.
Think it over. Before you reply.



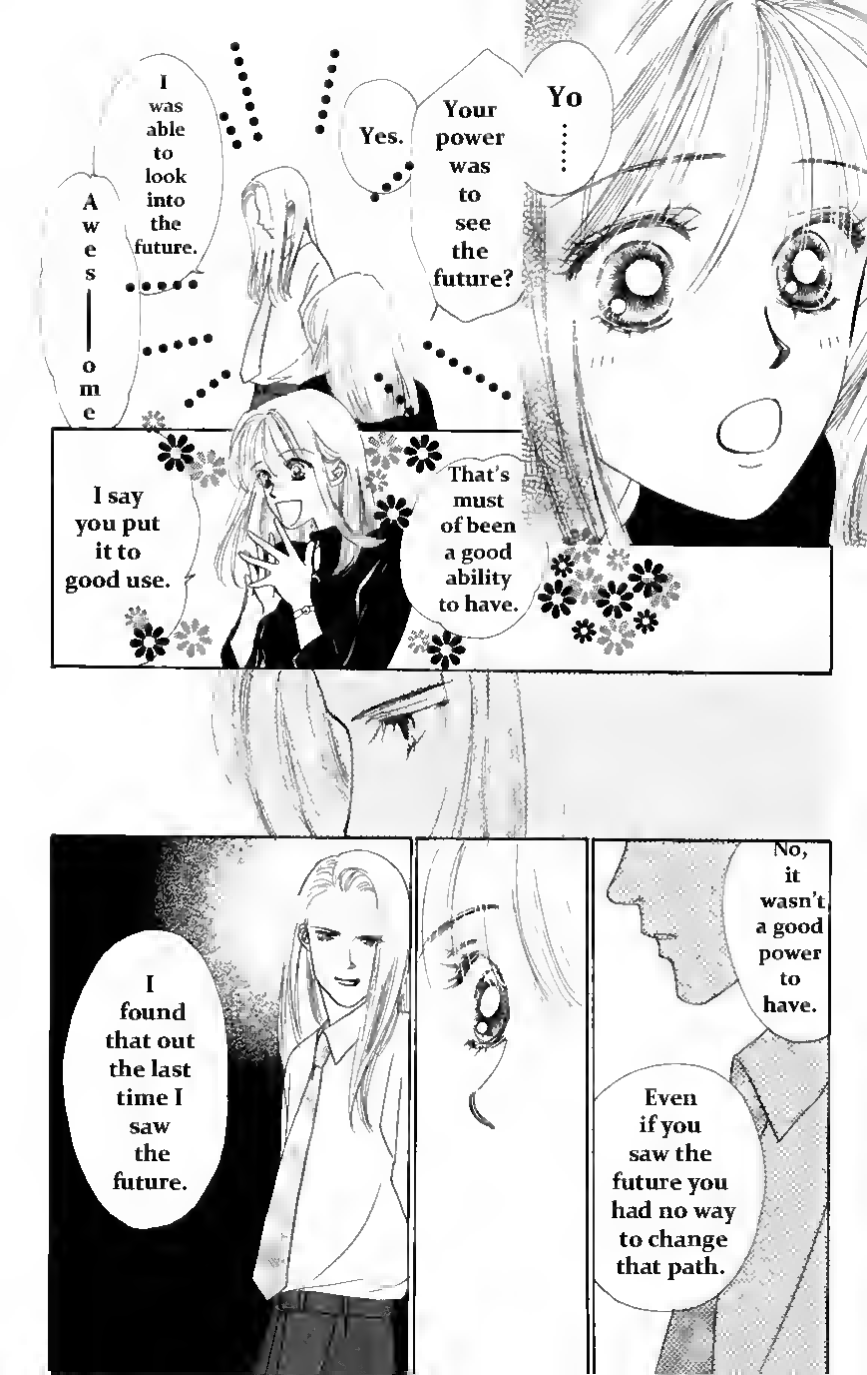
"close door"
Y-Yuu-kun
Can you hear me?
Hello
Nice to meet you ...
Red an_
Aura of danger and destruction
Even though you're such a small child....
I am
Minai Kokoro.

Yuu's ESP powers are red.
Try to say it.
I'm Kokoro.
Mama?
You and Shin in time

might like this child.
whoosh
Kunimi-sensei
Um…
What is it strange?
WHA!? SENSEI?!

Were you able to talk to Yuu.
No... It's not strange
Amazing
I knew you'd say that.
I'll try. I want to know more about that child.
I-I
Sensei
I want to know about the past.

But not anymore it disappeared.
In the past I did.
Even though the power disappeared it still remains in my DNA.
Shin and also Sara can't read my feelings.
Sensei did you also have ESP?
Mine was basically different from their powers.
Was your ESP also an green aura?
My power was to the future.
So-called power of a child intelligence.



Yo……
Your power was to see the future?
Yes.
I was able to look into the future.
Awesome
That's must of been a good ability to have.
I say you put it to good use.
No, it wasn't a good power to have.
Even if you saw the future you had no way to change that path.
I found that out the last time I saw the future.

When I first meet Shin.
He was 2 years old. He wasn't able to speak.
T/N-Uncle looks less of an asshole with short hair. I am I right.
I looked at him and saw it.
Ah
I saw that child would someday kill.

Not
that far
into the
future Shin
would
be
a murderer.

Not that far into the future Shin would be a murderer.

However you are still not allowed to enter Yuu's room.
This is Yuu's documents.
Se-sensei
.....
Just kidding!
Anyways, that's all I need to say.
It's for your convenience, please go over it.

Don't be afraid of that child.
Not that far into the future Shin would be a murderer.

There's no way that's true.
No way...
Shibata Yuu. Medical report.
His quality of sleep is poor.
Standard of these abilities Had difficulties in school academics.

Due to this action. Displayed offensive behavior.
Shin!
Is this a bad time?
Nope. What do you need?

I finally now began my research on our powers.
Didn't Minai-san tell you?
What do you mean?
Nice to meet you.
This is my first time meeting you. I'm researcher Serazawa Minami. Now then Shin will you let me engage in your research.
What why would she know?
Huh?
Wait. Why did Kokoro meet you?
Hm
Your power's we want to collect qualified information.
Um It's fine. Anyways Shin won't you cooperate with Serazawa-san's research team.

Please be kind to me.
I still have a lecture remaining. So we will talk after, but talk with Serazawa -san.
?
.....
What?
Is some-thing wrong with my hand?
.....
No nothing at all
.....

I did it!
Touching a person their feeling are read from your powers right? Are you able to control it?
Yup. It's taken years to perfect but by touching decent normal people helped.
What about with your lover?
Is she a normal girl?
Normal...
She's doesn't have an ordinary life.
Not anymore.

I am more afraid of touching her than anyone else.
Uncle said,
But I just want to be normal.
By working normally.
I need to learn to use this power to help me live better.
To support Kokoro normally
I also want to be an ordinary Father.

So I'll be able to suppress this power..
Serazawa -san I will cooperate with you.
What will I earn from having this power..
.....
Money? Authority?
.....
What I need
is happiness
Those things are not important

So I can make that person happy.
'Let's live together always.'
'You and Shin in time, might like this child.'

I vowed that I wouldn't throw away
These ESP powers.
On the day I decide to live with Kunimi-kun
Hello?
Do you remember me?
Hello it's Kokoro.

Yes, Yes.
That's my name.

Today I was able to give a woman a handshake.
Listen Kokoro
I mean Serazewa-san.She's someone who works at my Uncle's Lab. I wasn't able to hear her thoughts when I shook her hand.
Huh ..!?

But I've gotten stronger on controlling my powers.
Kunimi-kun, are your powers disappearing?
That's not it,it's likely the thoughts were still there.
Other than You, I never touched other people normally.
.....
Oh, Kokoro ?
What were you going to say earlier?
Ah .....
Well, I Thought of joining a club at my college ....
Club ?

Well good luck.
To volunteer at a welfare facility. So I might come home late some days...
Really?
...Yeah...
You want to go into Yuu's room?

I am scared. I am scared but……
Don't you think it's too soon? You still find Yuu to be scary.
Please let me talk to Yuu-kun directly.
This also hurts the child's, because with our conversation he couldn't see my face through the glass.
Minai-san
I been vigorously studying Yuu-kun's Documents you gave me……

Say I'm wondering
So what are you talking about?
Shin have you nearly forgotten, she's not an ordinary human anymore.
Or should I say that is fully capable with the powers she possesses.
But, why do you believe she's not qualified to do it.
.....

She walk as an ordinary person and ESPER.
She is needed by Yuu.
.... I don't want Kokoro to get hurt.
A little danger will give her awareness.
Wrong! That's an issue I don't want.
I have Kokoro I need to protect.

It can't be that ...
When Sara attacked Kokoro, even though she was protected.
.....
The strong influences of Yuu appears to those who are near him.
It will be your ability that will be easily defeated.
Kokoro did that.
But that child Yuu I don't her to be anywhere near him.
If all signs of Kokoro disappeared from all over the world.
I'm sure I think I would die.

TOOTSIEGIRL
Seriously, if you want to protect her you need to acknowledge her esp powers.
Well ...
SIGHS
Have you even decided to go all the way with living with her.
I..
.....
Of course I do...
I want to by far be with her forever.

I'm already questioning this ...

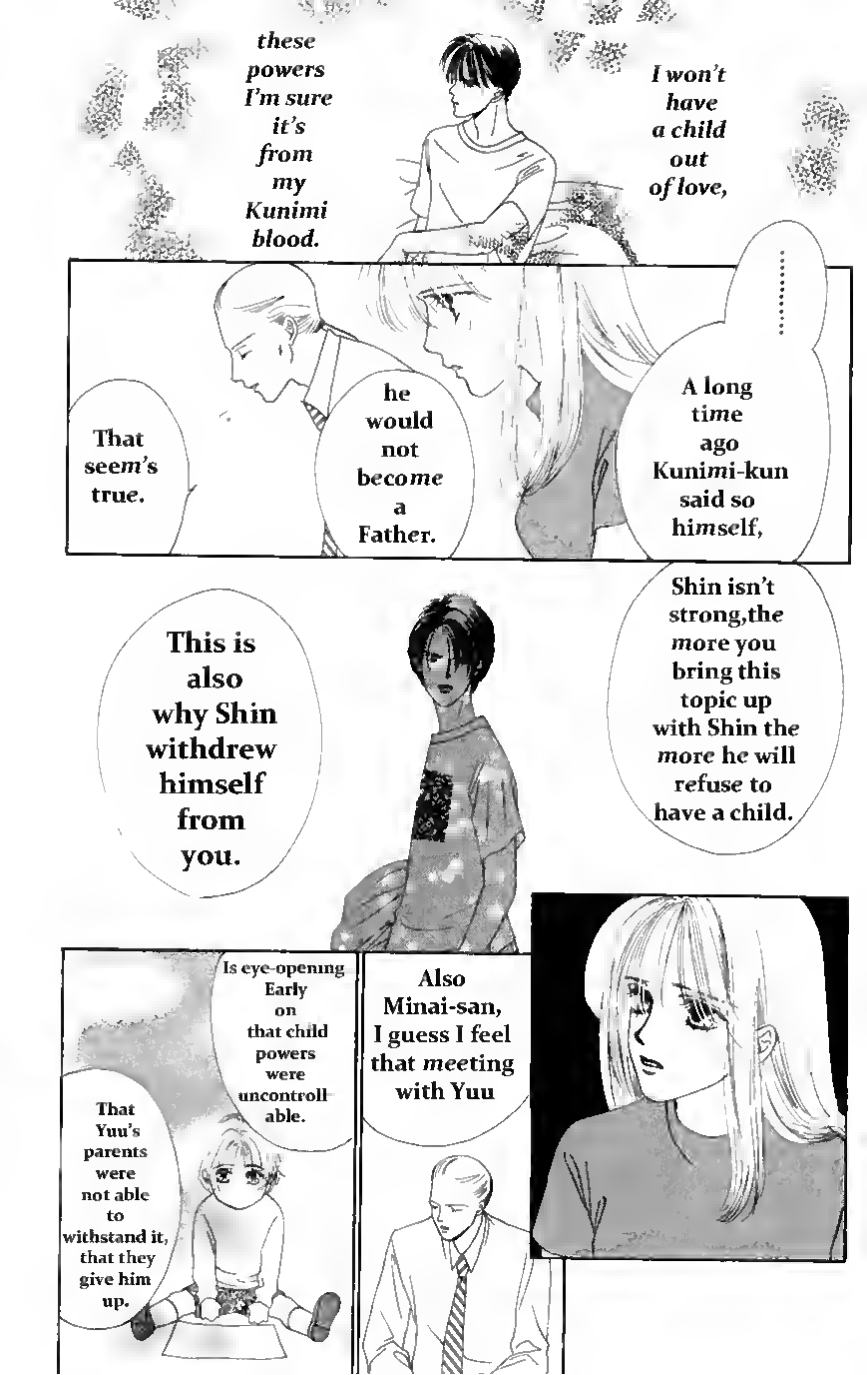
I see, I wonder
thinking this way.
Sensei?
Eh?!
Because Shin loves you.

Shin want's to make you happy.
But, I'm afraid of what the future holds for the two of you.
Because you're young, it's still early for you to consider to wanting children.
Shin can't help consider this.
It's this, well, because it's a question that always pops up in life.
Ah . . .



these powers I'm sure it's from my Kunimi blood.
I won't have a child out of love,
That seem's true.
he would not become a Father.
A long time ago Kunimi-kun said so himself,
.....
This is also why Shin withdrew himself from you.
Shin isn't strong,the more you bring this topic up with Shin the more he will refuse to have a child.
That Yuu's parents were not able to withstand it, that they give him up.
Is eye-opening Early on that child powers were uncontrollable.
Also Minai-san, I guess I feel that meeting with Yuu

What would you do?
What are you going to do about living with Shin?

Even when you begged in tears
that you want to have my children someday.
